  - 1.2 Write specific comments, findings, and recommended revisions on the margin of the pages of the assigned modules.
  - 1.3 Accomplish the Summary of Findings Report that shall guide the development team in implementing the recommended revisions.
  - 1.4 Submit the evaluated SLMs with marginal comments and the duly accomplished summary report on a staggered basis until all assigned SLMs have been evaluated.
  - 1.5 Discuss with the development team of the assigned LRs, if needed, to clarify comments and recommended revisions made in your review.

  - 2.2 Guide in the Language Review of DepEd-developed SLMs
  - 2.3 Summary of Language Findings template (Annex 1) – digital copy to be provided
  
3. Evaluate the assigned SLMs one at a time. Carefully read the modules page by page to identify language errors using the following guidelines in making your marginal notes:
  - **Coherence and Clarity of Thought**
    1. Do the statements / phrases make sense?

    5. Faulty parallel construction
    6. Split infinitives
    7. Overuse of certain words
    8. Redundancies
  
  - **Spelling and Punctuation**
    1. Are words, whether local or foreign, correctly spelled?
    2. Are the right punctuations in the right places?
    3. Is the use of the serial comma (comma before and and or) observed?
  
  - **Consistency in Style**

    2. Is the need for the same tense or person observed?
    3. Are the rules on capitalization, hyphenation, setting off in italics or boldface followed?
4. Write your comments and findings on the margins of the module/s while examining the LR. Highlight the portion that needs to be improved / revised or where the error is found. Specify comments, findings, and recommendations beside the highlighted portion to guide the development team in revising the LR.
  5. Re-read your written marginal notes and validate / confirm your comments / findings. Make changes, if needed, to make your review as consistent and thorough as possible
  6. Based on your marginal notes, prepare a summary of findings report to indicate the errors found in the module/s and the recommended revisions. Use the Summary of Findings template in Annex 1.
  7. After individual evaluation of each LR, immediately submit each SLM with marginal comments and the duly accomplished summary report on a staggered basis until all assigned modules have been evaluated.
